IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants : Hyung-Jin KIM et al.

Group Art Unit : 3746

Appln. No. : 10/642,682

Examiner : S. E. BELT

Filed : August 19, 2003

Confirmation No.: 2710

For : RECIPROCATING COMPRESSOR

COMPLETION OF RECORD

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window, Mail Stop Amendment
Randolph Building
401 Dulany Street
Alexandria VA 22314

Sir:

In the Information Disclosure Statement filed on November 30, 2004 in the above-captioned application, Applicants brought to the Examiner's attention the following documents:

- (1) Korean Patent Publication No. 1999-57577, together with an English language Abstract of Korean Patent Application No. 1997-0077640, which is a family member of Korean Patent Publication No. 1999-57577; and
- (2) Japanese Utility Model Publication No. 52-23707, which published on February 19, 1977, together with an English language Abstract of the same.

With the above-noted Information Disclosure Statement, Applicants also submitted a Form PTO-1449, on which the above-noted documents and English language Abstracts were listed. However, on a return copy of the Form PTO-1449 from the U.S. Patent and Trademark Office, the English language Abstracts were not initialed by the Examiner.

Applicants presume that the English language Abstracts were considered along with the consideration of the underlying documents. To complete record of the present application, Applicants have listed the English language Abstracts on a new Form PTO-1449 for the Examiner's convenience. Applicants respectfully request that the Examiner initial the appropriate spaces on the attached Form PTO-1449 and return a copy of the completed Form to Applicants to confirm consideration of the English language Abstracts.

Applicants greatly appreciate the Examiner's cooperation and assistance in this matter.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Hyung-Jin KIM et al.
